

Neighbourhood Partnership for Buckskin and South Ham

RAISING YOUR COMMUNITY CHALLENGE – by challenge we mean something that you wish to be discussed by the Neighbourhood Partnership in order to seek positive changes in your community.

Please complete this form for each challenge you wish to raise with the Neighbourhood Partnership. Every challenge will be investigated to determine how the partnership should respond. The issue raised will be made public (but not your name and contact details). If you are concerned about publication of any private information or if you need any further assistance with this matter, please contact the community development team at Basingstoke and Deane Borough Council. You can also complete this form online (preferred).

What is the community challenge? Please be specific such as location, gaps in service, or opportunity to enhance local quality of life. What is the evidence?

What is the background and history?

Who is affected?

What have you / your organisation already done?

What would you / your organisation like to see done?

Which organisations, service providers and / or community groups do you believe need to come together to bring about change?

Who have you already contacted about this?
